# Psychological vulnerability in depressive and anxiety disorders

Sascha Y. Struijs

**Colofon**

This thesis was prepared at the Department of Research and Innovation at GGZ inGeest, and the Department of Psychiatry, Amsterdam UMC, Vrije Universiteit van Amsterdam, within the Amsterdam Public Health research institute.

The infrastructure for the NESDA study ([www.nesda.nl](http://www.nesda.nl)) is funded through the Geestkracht program of the Netherlands Organisation for Health Research and Development (ZonMw, grant number 10-000-1002) and financial contributions by participating universities and mental health care organizations (VU University Medical Center, GGZ inGeest, Leiden University Medical Center, Leiden University, GGZ Rivierduinen, University Medical Center Groningen, University of Groningen, Lentis, GGZ Friesland, GGZ Drenthe, Rob Giel Onderzoekscentrum).

Financial support for the publication and distribution of this thesis was kindly provided by the Department of Psychiatry, VU University Medical Center & VU University Amsterdam.

**ISBN**

978-94-6380-244-4

**Cover artwork**

“Five Faces” has been painted by Adriaan Theodorus Cornelis de Wolf (oil on panel, 2018).
